## SPREAD OF STRIKE THREATENS CHICAGO

### Hitch In Peace Negotiations Is Causing More Trouble.

### 100,000 MEN MAY BE EFFECTED

**Teamsters of Lumber Dealers Refuse to Deliver Goods to Contractors and the Entire Building Trades May Become Involved.**

Chicago, May 23.—Spreading of the teamsters' strike began promptly today. Thirty-six teamsters employed by the Rittenhouse and Embree company, lumber dealers, and four by Edward Hines Lumber company, were the first to be forced into the struggle following the refusal of the teamsters joint council to endorse the settlement provisionally arranged with the employers by President Shea of the teamsters' union.

Through the threatened spread of the strike to all lumber dealers every branch of the building industry in Chicago was today apparently facing paralysis. There are only 800 teamsters employed by the lumber firms, but so close are the relations between them and several other unions of men engaged in hauling building material that the walkout of the lumber teamsters, it was said, would doubtless lead to strikes in nearly every department of the building industry. Indirectly dependent upon the building material teamsters, it was estimated today hung the employment of nearly 100,000 men in yards, mills and factories and on construction work. It was not believed the drivers' strike would affect the wood industries or building construction work generally at first. If, however, the walkout should go all along the line, as it threatened today to do, all the lumber yards of Chicago will be tide up.

The same program was seemingly in store for the stone industries, and the enterprises dependent upon them. The planing mills, the sash and doors, the box factories and kindred plants would also face soon a shortage of lumber supplies which necessitates the closing down of factories.

In the first strike today the initiative was taken by the employers. Members of the Teamsters' union were discharged for refusing to deliver to boycotted firms. As an immediate result, the yards of two big companies were completely deserted. W. P. Hines, president of the Lumbermen's association declared that every lumber yard in the city would, before long, be without drivers. "It means complete stagnation of business at a time when building operations in Chicago are booming to a greater extent than has been known since 1892," said Mr. Hines. The supply to lumber on hand will not last, the building contractors say, more than 48 hours. The factories which depend upon boxes for shipping will be crippled, because they will be without lumber. "If this occurs," he said, "the stock yards packing industries will be especially disturbed, for they must have boxes there to do their shipping."

The express companies whose attitude on the question of reinstating their striking drivers caused the breaking of the peace plans, stood firm today, refusing to take back any of their old men. The officials of the express companies declared absolutely that none of the strikers would be reinstated in their employ.

As the day advanced, the strike actually spread. Twenty-five teamsters employed by the T. Wilce Lumber company struck. The men had been ordered to make the deliveries which the teamsters of the Rittenhouse & Embree company had refused to do. The delivery was to have been made to large department stores. The Wilce company encountered the same tactics as the strikers employed on other firms are using to do business with concerns which are strike-bound.

### Garfield Deceived by Packers.

Chicago, May 23.—That the packers, by a peculiar method of bookkeeping and by juggled figures, deceived Commissioner Garfield into the belief that the profit on a beef steer did not exceed 98 cents, is the published statement of a confidential man in a South Omaha packing concern. The actual profit, he declared, is $8.

### NO TRACE OF DIAMONDS.

**Jewels Stolen from Tiffany's Cannot Be Located by Police.**

New York, May 23.—No trace has been found of three diamonds worth $90,000 reported as having been stolen about May 4 from Tiffany's workrooms.

All the detectives and police officials engaged on the case are maintaining the greatest possible secrecy, but it has been learned that their efforts thus far have been in the direction of closing all the markets here and abroad where the thief might seek to dispose of the gems. While these measures may prevent the sale of the booty, they also greatly accentuate the difficulty of detection.

The police are understood to have reached the conclusion that the theft owed its inspiration, if not its actual execution to a professional who had promised an employe to the deed, promising him a rich return for practically little risk.

### Count Rejects Title.

Pittsburg, May 23.—Count Envuld Falsen, the last of the noble family of Falsens of Norway, who was found in this city by the Pittsburg detective bureau to be a motorman on the Pittsburg Kennywood and McKeesport electric railway, has announced to the superintendent of detectives, Thomas A. McQuaide, that he would not give up his position, that he would not return to his native land, that America was good enough for him, that he had no use whatever for his title and that he would rather remain here and be known as Frank Falsen, the name he assumed.

### Big Increase in Exports.

Washington, May 23.—The commerce of the United State—imports and exports—in April established a new record for that month, the total being valued at $225,000,000, as against $132,000,000 in April, 1904, and $197,000,000 in April, 1903. A notable feature of the marked growth in the commerce of the United States is the preponderance of exports, despite the ever increasing home demand for manufactures, agricultural and other products. April exports amounted to $129,358,229, the highest record ever made in April of any year.

### Died In Vain to Save Friend.

Charlotte, N. C., May 23.—Lacey Hughes lost his life at Efland, Orange county, N. C., in an effort to save his friend, Earl S. Faucette, who was also drowned. Faucette was boat riding in the Efland mill pond with Miss Elo ise Brown when the boat capsized and both were thrown out. Hughes plunged into the pond, rescued the lady and attempted to save Faucette, when the desperate man pulled him under, and both were drowned. Both were unmarried and were prominently connected.

### May Report this Week.

New York, May 23.—Progress is being made by the Frick investigating committee of the Equitable Life Assurance society, and its reports probably will be completed by the end of this week ready for submission to the directors May 31. A call will be sent out today for a meeting of the directors on that date. Numerous conferences have been held by adherents of both factions in the society, but no opinion was ventured as to the probable effect of the Frick report.

### Appeals to Highest Court.

Caracas, Venezuela, May 23.—The New York and Bermudez Asphalt company has appealed to the full court of cassation from the decision of the president of the federal court of cassation, sitting as a tribunal of the first instance, dissolving the Hamilton contract, and ordering the company to pay damages. President Castro returned today from his trip to the interior.

## FORTY MONUMENTS WERE DEDICATED

### Erected By State Of Ohio On Vicksburg Battlefield.

### SERVICES LARGELY ATTENDED

**Governors Herrick, of Ohio, and Vardaman, of Mississippi, Reviewed Procession of Troops—Address of Governor Herrick Loudly Cheered.**

Vicksburg, Miss., May 23.—Forty monuments erected by the state of Ohio to its soldiers who fell in the siege of Vicksburg, were dedicated in the National Military park here today. The services were largely attended.

Governor Herrick and staff of Ohio, with a party of 150 union veterans from Ohio, and the First regiment of the Ohio national guard, were cordially received. Governor Herrick and Governor Vardaman, of Mississippi, reviewed a procession of the Ohio and Mississippi National guard this morning. Later, at the park, the dedicatory program was carried out.

An address by Governor Herrick was listened to with marked attention, and his reference to the "family quarrel" of those who wore the blue and the gray, was loudly cheered.

The visiting Ohioans will be tendered a barbecue this afternoon and a campfire will be held tonight.

### Missisippi Postoffice Robbed.

Jackson, Miss., May 23.—A special says Haziehurst says that the postoffice at that place was entered last night by one negro, who secured $216 in money, and $600 worth of stamps. A man who slept next door to the postoffice saw the thief leaving, and says that he was a negro. He secured an entrance through the back door, and drilled into the safe with tools taken from a blacksmith shop. This is the second time within two weeks that the postoffice has been robbed.

### Make Demonstration Against King.

Paris, May 23.—The confederation of labor unions has called a meeting for Wednesday to discuss a proposition to make a demonstration against King Alfonso when he comes to Paris. The revolutionary element seeks to make an offensive manifestation against the king and inflammatory circulars are being spread broadcast calling on the workingmen to oppose his majesty's visit in the same manner as the Italian radicals opposed the visit of Emperor Nicholas to Italy.

### Last Drum Corps Will Be There.

Raleigh, N. C., May 23.—The only confederate drum corps in the country is in Raleigh, and arrangements have completed for taking it to the confederate reunion at Louisville. All of its members were confederate musicians. It will go by the way of Richmond, and will give a concert in the capital square there on the afternoon of the 12th of June. North Carolina will send quite a strong delegation of veterans to Louisville.

### No Clew to Missing Girl.

New York, May 23.—After another day of search for Miss Margaret Jalonick, of Dallas, Tex., a nurse who has been missing from St. Luke's hospital since last Wednesday, the mystery of her disappearance is deeper than ever. No clew of any kind has been obtained and a general alarm sent out by the police has failed of results. Her father, George W. Jalonick, of Dallas, Tex., is expected to reach New York today with his brother.

### Wedding Causes a Separation.

Marshalltown, Iowa, May 23.—As a result of the recent elopement of their daughter, E. E. Downing and wife have separated and divorce proceedings will be instituted. The father learned that the girl's mother had aided her in her little love affair, having even accumulated debts to the amount of several hundred dollars for a trousseau for the daughter, and after a very stormy interview between the husband and wife, he left the house.

### STORM STRIKES TEXAS TOWN.

**Fort Worth Is Damaged and One Man Reported Killed.**

Fort Worth, Tex., May 23.—A heavy windstorm, blowing at the rate of 70 miles an hour, struck this city from the southwest. Part of the west wall of the Texas and Pacific passenger station was blown in and John Young, a train dispatcher, killed. The storm was most severe west of the city and all telephone and telegraph wires in that direction are down.

A passenger on a Texas and Pacific train from the west reports that the town of Mintry Wells was partly blown away. One church building, belonging to the African Methodist Episcopal church here, was demolished. Many business buildings lost their roofs, including the First National bank building, a 7 story structure.

The Baptist and Episcopalian churches in north Fort Worth were badly wrecked while the roofs of the Grand hotel in East Weatherford street were torn away. Fifty dwellings in various parts of the city were damaged. The second ward school building was partially wrecked.

### Storm In Waco, Tex.

Waco, Tex., May 23.—A severe wind and hailstorm passed over this city last night, doing considerable damage. Several houses were unroofed. Growing crops were injured and fields were badly washed by the downpour. Reports from central Texas indicate that the storm was general, and damage was done at many points.

### Blue and Gray Honor Dead.

New York, May 23.—More than 250 Confederate Veterans and a large number of Grand Army men visited the Mount Hope cemetery and decorated the graves of Confederate soldiers. Services were held by the confedrate soldiers. Services were held by the confederate camp of New York. The services were conducted by Commander Edward Owen, and the oration was delivered by General George L. Loud, of the United States Hancock post, Grand Army of the Republic. This is the first time in the history of the confederates that the oration in their memorial day has been delivered by a member of the Grand Army of the Republic.

### China's Boycott Will Hurt South.

Washington, May 23.—Widespread attention has been attracted by the reported threats of a Chinese boycott against American-made goods, in retaliation for the action of this government in enforcing the provisions of the old Chinese exclusion law. The matter is of especial interest in the south, because of the large volume of our cotton textile trade with China, and a statement concerning our trade relations with that country, just issued by the bureau of statistics, department of commerce and labor, is, therefore, particularly timely.

### Confer About Loomis-Bowen Case.

Washington, May 23.—President Roosevelt and Secretary Taft had a conference today regarding the Loomis-Bowen case. At the end Secretary Taft said that no decision had been reached. His intention is to call other witnesses who have been indicated to him and hear their testimony before he makes a formal statement concerning the case to the president. He would not indicate who the witnesses were to be.

### Are Celebrating Anniversary.

Havana, May 23.—The third anniversary of the inauguration of the Cuban republic was celebrated today. The weather was cool and the sky slightly cloudy. The holiday, which was universally observed, was similar to a Fourth of July celebration in the United States. There was a parade, artillery, infantry, mounted rural guards and police. The parade was reviewed by President Palma from a flag-decorated pavilion.

### Roosevelt to Write of Hunt.

Colorado Springs, Colo., May 23.—Phillip B. Stewart, who accompanied the president on his recent hunting trip, says Mr. Roosevelt will write two magazine articles on the hunt and they will form part of the book on wild animals which the president has in mind.

## NEWS FROM THE FAR EASTERN WAR

### Small Engagements Between Japanese and Russians.

### RUSSIANS RETREAT IN DISORDER

**Except for These Collisions, the Situation Is Otherwise Unchanged—The French Authorities Claim There Is No Russian Ships in Their Waters.**

Tokio, May 22.—1 p. m.—Imperial army headquarters made the following announcement this morning:

"In the direction of Changtu on May 20, a force of the enemy consisting of over a battalion of infantry, a regiment of cavalry and two guns made a detour to the eastern height at Santaokou, 8 miles east of Changtu, and from the vicinity of a coal mine, 10 miles east of Shangtu, at 11:30 this morning, commenced a bombardment.

"Subsequently, a near Russian force with 45 guns appeared on the northern height of Chilyangpao, and at 4 p. m. two battalions of the enemy advanced from the eastern side of the village, but were repulsed.

"Another mixed force of the enemy entered Erhshihlipao, where they set fire to the village and retired.

"The enemy's cavalry dismounted and attacked the Russian guard on the right bank of the Liao 13 miles west of Fakumen on the morning of May 20. After an engagement lasting two hours, the enemy retreated in disorder toward the southwest, abandoning 500, killed and wounded.

"Except these collisions between the opposing forces, the situation is otherwise unchanged."

### French Admiral Reports.

Saigon, May 23.—Admiral Dejonquieres, the French naval commander, returned here today after an inspection of the Annamese coast. He reports that no belligerent ships have returned to French territorial waters since May 14.

### Russians Reported Captured.

Tokio, May 22.—8 p. m.—It is reported that a junk filled with Russian officers has been captured. It is presumed that they were making a reconnaissance from Vladivostok.

### Supposed Rendezvous of Fleet.

Paris, May 23.—The reports in circulation here to the effect that colliers belonging to the Russian fleet intend to rendezvous at the Babuyan islands, north of the island of Luzon, are not based on precise information, but are the results of figuring on the latitude and longitude where a portion of the fleet was last observed. This course, if continued, it is pointed out, would take the ships into the Balling channel, near which the Babuyan islands are situated. It is, therefore, inferred that the Russians will rendezvous in that locality for the purpose of coaling.

### Tennesseean Kills Negro.

Nashville, Tenn., May 23.—News has reached here from Minor Hill, Tenn., stating that Henry Jackson, a prominent young farmer of that section, shot and killed George Brown, a negro, and fatally wounded Ed Brown, his son. It is claimed the shooting was done in self-defense. Jackson surrendered.

### Physicians Cannot Awake Sleeper.

Springfield, O., May 23.—Mrs. Mary Caldwell, of Pittsburg, is sleeping very soundly at the home of her sister-in-law, Mrs. Morgan, 81 West North street, and the efforts of the attending physician have failed to arouse her. She came here last week and was taken ill shortly after her arrival.

### Woman Died Natural Death.

New York, May 23.—An autopsy on the body of Mrs. Lawrence Harnett, who was believed by the police to have been strangled to death with a towel tied around her neck in her room in east Fifteenth street Saturday noon has disposed of the murder theory. # MANUFACTURERS TO PROTECT DEALERS

## Against the Collection of Revenue License on Ciders.

### THE COLLECTION IS UNJUST

**And R. M. Hughes & Co, Among the Largest Manufacturers in the South, Are Determined to Put a Stop to Interference by Officers.**

The recent "raid" made upon dealers in cider in this city and section by a Deputy United States Marshal from Jacksonville has caused a flurry of indignation, not only among the dealers, who declare that the interference of government officers was unjust and unwarranted, but has attracted also the attention of the manufacturers, who are indignant over the action, and propose to stand by the certificate which may be found on each package of cider, certifying that the contents are not intoxicating, and do not require an internal revenue license.

R. M. Hughes & Co. of Louisville, Ky., who are among the most extensive manufacturers of vinegar and cider in the South, and of which company J. C. Rhodes of this city is president, have been enjoying seventy-five per cent of the business of this territory, and naturally feel by the action of this officer that they have been damaged, as the dealers in many instances have been intimidated. This firm recently experienced the same trouble in Tennessee, and in The Chattanooga Times the following affidavit from R. H. Geiger, secretary and treasurer of the company, appeared:

"Notice to All Retail Grocers.

"Read the following carefully:

"Louisville, Ky., March 30, 1905

"I, R. H. Geiger, secretary and treasurer of R. M. Hughes & Company, incorporated by and under the State laws of New Jersey, hereby certify that our Wino's are prepared according to the formula submitted to the Honorable Commissioner of Internal Revenue J. W. Yerkes, Washington, D. C., October 6th, 1903, and the goods do not contain distilled spirits or alcoholic liquor in any form, and the goods are not spurious imitation or compound liquor, and so long as sold as shipped from our factory does not require an Internal Revenue License to sell same. "R. H. GEIGER

"Subscribed and sworn to before me by R. H. Geiger this the 30th day of March, 1905

"[SEAL] E. H. BARRY, N. P., J. C."

To our customers in Gainesville and throughout Florida: You are hereby notified if any revenue collector calls on you for internal revenue license, do not pay same, but notify us immediately. Yours truly,

R. M. HUGHES & Co.,

### THE REAL TEST

**Of Herpicide Is In Giving It a Thorough Trial.**

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost-bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

### Approaching Nuptials.

Invitations have been issued announcing the comine marriage of Mr. Joseph Clifford Reed Foster and Miss Agnes Winifred Young, a charming young lady of St. Augustine, which will occur on the afternoon of Wednesday, June 7, at half-past three o'clock, at Trinity Church, St. Augustine.

The prospective groom is one of the most prominent citizens of Florida, notwithstanding that he is a very young man, considering the prominence he has gained, being adjutant-general of the Florida State Troops. The bride-to-be is one of Florida's fairest and most charming daughters, and has many friends throughout the State who will extend congratulations in advance.

The editor of The Sun is in receipt of an invitation to be present.

# Perfect Sleep

## Women Who Are Free From Female Ills Sleep Soundly

**Points to the Cause**

How many women are troubled with insomnia! How few, alas, habitually sleep the night through and rise refreshed.

If you can't sleep it is because your nerves will not let your body rest. Women's nervous troubles come from female diseases. Their delicate organism is a network of intricate nerves. No woman can suffer from female irregularities without eventually ruining her nervous system. Get rid of female disease and the perfect sleep of childhood will return.

## Lydia E. Pinkham's Vegetable Compound

cures all female troubles and restores nerve equilibrium and brings sound, restful, healthful, natural sleep. Thus does this wonderful remedy operate to bring health to suffering women.

**Wakefulness and Nervousness Cured**

*Dear Mrs. Pinkham:*—Last spring, I lost my appetite, had headaches, and bearing down pains with cramps so that I was in perfect misery. I became wakeful and extremely nervous.

I decided to try Lydia E. Pinkham's Vegetable Compound, and am pleased to state that I derived immediate benefit and soon enjoyed permanent relief.

Within eight weeks I was restored to normal health and felt refreshed and strengthened as though I had enjoyed a lengthy vacation.

Since that time I have recommended your Compound to a number of my lady friends suffering with female irregularities, and those who have used it report great benefit from its use. MRS. E. E. VAN DINTER.

965 College Ave., Appleton, Wis.
Vice-President Social Economic Club.

Lydia E. Pinkham's Vegetable Compound has cured more women of female diseases than any other medicine in the world. Mrs. Pinkham advises sick women free. She will write you a personal letter if you tell her about your case.

### Killed by Baseball.

New York, May 23.—While catching in a game of ball in Brooklyn, James Miles, a youth, has been almost instantly killed by a pitched ball. Miles wore no mask, while behind the bat. A very fast ball, which he failed to stop, struck him between the eyes. He was carried home, where it was found the skull had been fractured. Death ensued in a few minutes.

The man who does little things well is in the line for promotion and it is sure to come.

The "imminent" battle between the Japs and Jussians is getting to be quite monotonous.

Every morning Mr. Rockefeller rises richer by $40,000 than when he retired. He ought to have peaceful slumbers.

A Gainesville man said that the town is building so rapidly that he was afraid to come down town, for fear he would get into the wrong house on his return in the evening.

The orange crop of Florida gives promise of being a large one this year, and in many counties south of here the growers are anticipating an unprecedented yield.

The report comes that Vladivostok garrison can stand a long siege. But when the Japs get after them by land and sea, they will wind up the garrison the same as they did Port Arthur.

Paul Morton, secretary of the navy, may be soon back to his old position as one of the Santa Fe railroad's vice-presidents. He probably has a few points he picked up in the cabinet, when they forgot to lock up, which may be used to advantage by his old associates.

The candidates for mayor of Pensacola are the most industrious set of men to be found in West Florida. Every one is now hunting up his labor record, and the new candidates who are bobbing up are requested to bring their records with them, to avoid the delay in looking them up.

The yellow peril seems to be a source of great annoyance to France and Germany, and it is now in order for sensational newspaper writers to try and get a scare in regard to Japan seizing the Philippines from the United States. There are many people who would be glad to see someone gobble them.

If the vegetable growers of Florida would only stop for a moment and consider the situation, they would be able to see that they are far better off than those of the North. Even with a backward season they can get their crops to the markets long before the growers North have begun to make shipments, and if they lose one crop they can be in the market another year, while the grower of oranges, when his trees are injured, is knocked out of business for several seasons.

The grand jury of the United States is making a very desperate effort to get the beef trust on the griddle at Chicago and is trying to fry some of the surplus fat out of the bloated combine. There is a general impression that the result will be the Scotch verdict of "guilty, but not proven." That is, though it is conceded that they have "done dirt" and lots of it, the difficulty is in making out a specific case. In court it is only simply necessary to charge offenses, but they must be proved so as to satisfy an honest jury, and you are not always sure, in such cases, that the jury is honest.

## ENTERPRISE DOES IT.

There are barber shops for the removal of the fleece from the face, but no place has been provided where "moss" is removed. Every city has its "moss-backs," whose mission in life is to check progress and cry down everything that looks helpful. Energy, thrift, progress and enterprise are the artists whose keen blade often clips the "moss-backs."

If you want to make your town a success, clip these fellows wherever you can find them. Don't let them tell their tale of woe to the stranger who comes to the city for the purpose of locating. No matter what the condition of the town, do something to cheer it up. If you were sick and the attending physician would say you had to die, you and your friends would want to kick him out of the house.

No matter what the conditions are, "where there is life there is hope," and every man should try and put life into his home town. The man who by industry and enterprise often amasses considerable money in a few years, is many times looked upon by these "moss-backs" as having made his money by sharp practices when the fact is the same opportunities were offered to others who lacked the push and enterprise to go ahead.

The live dealer in any legitimate line can see a bargain in many things, and he has the foresight to take advantage of it, while the "man with the moss" stands around and waits for the dollars to commence rolling his way and on an up-grade, too. Enterprise is what wins, and if you have an occasional drawback, it will surely come your way if you keep on trying.

It is announced that The Jacksonville Daily Sun, which appeared as an evening paper only a few months ago, is not having as smooth sailing as had been expected. The outlay has been greater than was expected and the management has not been in the hands of men of mature years in the business. The average business man, who thinks he can start a newspaper and expect to make money on the start, the same as the dry goods man or grocer who opens up with a fresh stock, will soon find he has the wrong impression of the newspaper business. The man who has the capital to start a daily paper, and no experience in the business, would be money ahead in two years to draw on the principal for his living, and keep out of the newspaper.

They are trying to experiment out in California to see how long a man can thrive on a diet of nuts and fruit. The results have been astonishing, but the experiment has not gone far enough to show how long such a diet would be satisfactory. The Japanese have taught the lesson that meat-eating is not at all necessary to give strength and endurance, but a grain ration of some kind seems essential as a substitute for animal food. The Japs are great rice eaters, and there is no doubting the healthfulness of this diet.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

Boston, May 23.—Captain Walker, of the British steamer Gorsemore, which arrived here today from Antwerp, states that at 230 p. m. on May 20, in latitude 41.8 north, and longitude 64 west, he passed close to the topsail schooner yacht Thistle, one of the contestants in the transatlantic yacht race. A breeze from the west-northwest prevailed at the time and the yacht, with all sails set, was making a speed of about 5½ knots an hour.

# UNION MEETING OF THE YOUNG LADIES

## In a Fine Program of Literary and Musical Numbers.

### AN ENJOYABLE ENTERTAINMENT

**Some of Gainesville's Literary and Musical Talent Acquit Themselves With Credit — Much Enthusiasm Manifested.**

The program for the joint meeting of the young ladies' societies of the Seminary, at the hall last evening, was listened to by the usual large and enthusiastic audience, and each number had the proper recognition from the audience.

The opening chorus was rendered with considerable spirit, being followed by Misses Ida Little and Mary Baird in a dialogue entitled "Their Graduating Essays." Both young ladies acquitted themselves with credit and displayed pleasing colloquial abilities.

"The Woman of Today," an essay by Miss Bell Sadler, showed a very excellent knowledge of her subject, a clever literary production.

Miss Mabel Parker's vocal selection showed a very pleasing, pure soprano voice, which will no doubt win her a place among the best singers, with a careful development.

A character sketch of Theodore Roosevelt by Miss Florence Murray was a number deserving of much praise for its construction and painstaking delivery.

The duet by Misses Jessie and Annie Wimberly was performed with accuracy and much expression. They deserved the recognition they received for the fine selection.

The pathetic selection of "Little Joe," a pleasing and popular recitation, as rendered by Miss Ethel Strobhar, brought forth utterances of approval from the entire audience. It was touchingly rendered.

A solo, "The Garden of Dreams," by Miss Lovey Goode, rendered in her sweetest strains, was a most enjoyable number. Miss Goode is one of our promising vocalists and always sings in good taste.

Miss Avice Walker captured the audience with the character sketch, "Hannah Moore," most admirably interpreted.

Miss Leonora Vidal's piano solo was given in a finished and artistic manner, her technic showing skill beyond her years. Her selection was difficult, but she showed herself equal to the intricacies of the number and deserved the applause bestowed by the large audience.

The recitation, "The Hazing of Valiant," by Miss Mary Streeper, was a very fine rendering of this selection. She is to be congratulated on her success.

The evening's entertainment, including the last chorus, was highly enjoyable.

### Justice Colman's Court.

There were several witnesses, but no evidence was introduced strong enough to convict, and the defendant was discharged and went her way rejoicing.

### Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

### ART IN MUSIC.

**The Performance of Mrs. Denby's Class in Music.**

Owing to lack of space The Sun was unable to more than give a passing notice of the high-class musical entertainment given by Mrs. Denby's students at Seminary Hall Monday evening, and we feel hardly equal to the tax of giving all due credit for the skill displayed, each number being performed with precision and expression that showed careful instruction.

The piano selections brought forth many expressions of approval from the large audience, while the vocal numbers showed several promising voices with careful training. The recitation of Miss Wimberly was highly appreciated. She is a popular favorite.

The Musicale showed the rapid development of the pupils of Mrs. Denby, who has proven herself a thorough instructress, always manifesting a deep interest in their progress, instilling into their minds the finer sentiments in music, and holding their attention to the classical that has made music an art, rather than cultivate the ephemeral trash that only survives for a day, there being no pathos or expression of feeling to be retained in the memory.

### Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoon, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.
